

-EUROPEAN UNION COMIC ARTIST ASSOCIATIONS-

Dear colleagues,

This document is the result of an ongoing research work trying to find current comic artist associations in the European Union.

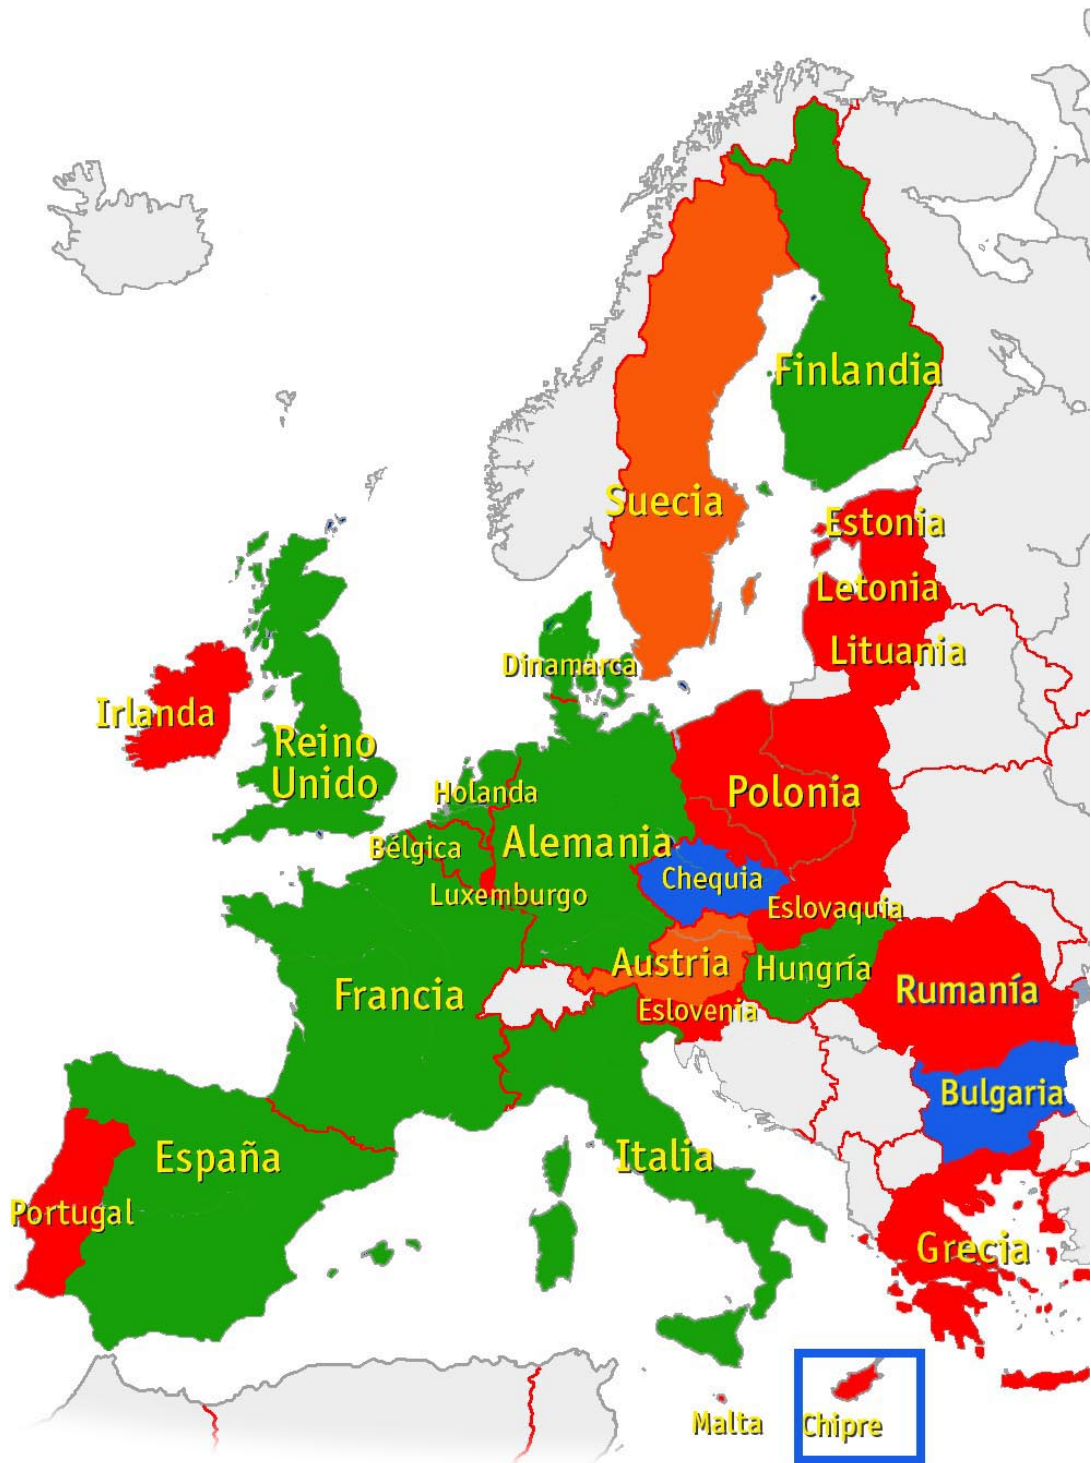

We, from the AACE, (Spanish Comic Artist Association) do this to provide people a way for collaborating between our organizations.

We have similar goals and, hence, we will stand a better chance if we work together in a common area: The European Union.

Here you have the results of our work, surely this is an incomplete list but enough, we hope, for starting our collaboration.

All the best
